

▶ This is a show about how an artist's sexual identity relates to the way in which they express their desire. Using Carson McCullers' *The Heart is a Lonely Hunter* and Sarah Gubbins' *fml: how Carson McCullers saved my life* as emotional touchstones, the show will examine the moment when self-preservation and the compulsion to express one's feelings meet - when 'the love that dares not', actually dares. This is not an exclusively "queer" show, more "queer-ish", a show of all people who have loved in the face of opposition.
